Index to Volume 182

Abe, T., 443
Abood, L. G. and A. Geiger. Breakdown of proteins and lipids during glucose-free perfusion of the cat's brain, 557
Ac-globulin plasma, 347
Acid-base balance and ammonia excretion, 131
Acid-base equilibrium and erythropoiesis, 100
Acidosis and juice bicarbonate, 97
Action potentials
  of myelinated fiber, 572
  monophasic and diphasic, 92
Acyl amino acid transport, 537
Adenosine triphosphate and muscle twitch, 585
Adrenal cortex
  aldosterone and, 269
  arteriolar response and, 279
  diabetes and, 503
  eosinopenia and, 256
  growth hormone and, 273
  lipid metabolism and, 45
  population size and, 292
  pyrogens and, 57
  radiation and, 469
  secretion of, 29
  shock and, 24
  tissue potassium and, 393
Age and hypertension, 139
Ageing, thyroxine and cholesterol in, 497
Alcohol and liver lipide metabolism, 237
Alderman, I. M., 400, 403
Aldosterone, secretion of, 269
Alkjaersig, Norma, T. Abe, Shirley A. Johnson and W. H. Seegers. An accelerator of prothrombin activation derived from prothrombin, 443
Alkjaersig, Norma and W. H. Seegers. Activation of purified prothrombin in association with preparations of platelet cofactor I and Ac-globulin, 347
Alloxan diabetes, 503
  barbituric acid on, 267
Amino acids, transport of acyl, 537
Ammonia, excretion of, 131
Ammonium, pituitary and excretion of, 561
Amylase activity of pancreas, 35
Anaphylaxis, ACTH and DCA on, 518
Andrews, H. L., 396
Androgens and seminal vesicle, 507
Anesthesia, cardiac output under, 145
Anoxia
  erythropoiesis and, 100
  pulmonary depressor chemoreflex and, 180
Anslow, W. P., Jr. and L. G. Wesson, Jr. Some effects of pressor-antidiuretic and oxytocic fractions of posterior pituitary extract on sodium, chloride, potassium and ammonium excretion in the dog, 561
Antibiotics and septic shock, 166
Antihistaminics and eosinopenia, 256
Antonchak, Nancy, 63
Armstrong, Beverly W. and D. J. Smith. Function of certain neck muscles during the respiratory cycle, 599
Arteriosclerosis and lipids, 45

Bacteria and radiation, 400
Baker, C., 256
Bang, F. B., 203
Barbituric acid and alloxan diabetes, 267
Bardavit, J., 100
Barrett, J. L., M. T. Nishikawara and R. E. Haist. Effects of hypophysectomy and of undernutrition on amylolytic activity of the pancreas of the rat, 35
Barrnett, R. J., 75
Beaver, Elsye L., 51
Benson, J. A., Jr., K. S. Kim and J. L. Bollman. Extravascular diffusion of protein, 217
Bernick, S., C. Hyman and Rita L. Paldino. Histological studies on influence of thorotrast on the intrahepatic distribution of T-1824, 232
Bicarbonate
  pancreatic juice, 97
  potassium and reabsorption of, 111
Blood
  cell response to radiation, 469
  cholesterol in, 89
  cross circulation, 454
  eosinopenia, 256
  erythrocytes and sampling of, 331
  hemoglobin formation, 433
  hyperglycemic glycogenolytic factor in, 513
  lactic acid in, 243
  leucocytes and plasma steroids, 462
  plasma and PAH, 428
  plasma cholesterol, 497
  plasma clearance of Rose Bengal, 337
  plasma protein, 419
  plasma steroid and, 462
  protein in lymph, 217
  prothrombin activation, 347, 443
  radiation and, 403
  refrigeration, 325
  renal function and, 251
  thromboplastin, 319
  vascular reactivity, 155
  water exchange in, 359
Blood coagulation, 319
  mechanisms of, 347
Blood flow
  adrenal, 24, 29
  adrenal crisis and, 279
Blood pressure and hypertension, 139, 531
Blood volume
  constrictors and, 311
  septic shock and, 166
Blood, F. R., M. E. Kosman and F. E. D'Amour. Pulmonary depressor chemoreflex in the rat, 180
Bodian, D. 203
Body composition, sodium chloride and protein on, 83

UMI

Body temperature and electrocardiogram, 364
Body weight and pancreas, 35
Bohr, D. F., M. E. Wolf and P. A. Rondell. Comparison of intravenous and topical effectiveness of various vaso-constrictors on the terminal vascular bed of the rat mesoappendix, 311
Bollman, J. L., 217
Bond, V. P., 479
Bornstein, J.,12
Bowers, J. Z., 462, 469
Bowie, Ethel J., 487
Bozler, E., 92
Bradycardia and cold, 447
Brain
  glucose-free perfusion of, 557
  glucose transport into, 17
  inhibition from motor cortex, 411
  potassium ions on, 415
Brannick, L., 256
Broida, H. P., 191
Brooks, P. M., 459
Brown, Faith K. and J. W. Remington. Arteriolar responsiveness in adrenal crisis in the dog, 279
Brues, A. M., 407
Bufotenine and visual system, 594
Burn shock, 351
Burton, S. D., E. D. Robbins, L. Z. Feigenbaum, M. Friedman, S. O. Byers and T. Ishida. Discharge of cholesterol into the perfusate of isolated rat livers, 89
Byers, S. O., 89
Byers, S. O., and M. Friedman. Observations concerning the production and excretion of cholesterol in mammals. XV. Role of the pancreas in intestinal absorption of cholesterol, 69
Byers, S. O., R. H. Rosenman and M. Friedman. Intestinal excretion of cholesterol and total lipids by the nephrotic rat, 73

Calcium
  blood coagulation and, 319
  concentration in liver, 487
Capillary permeability and protein in lymph, 217
Carbohydrate, radiation and absorption of, 477
Carbon-14 and histamine, 54
Cardiac output, thiopental and cyclopropane on, 145
Cattell, M. and H. Gold. Relation of rhythm to force of contraction of mammalian cardiac muscle, 307
Cervoni, P., 287
Chappelle, E., B. W. Gabrio, A. R. Stevens, Jr. and C. A. Finch. Regulation of body iron content through excretion in the mouse, 390
Chavré, Virginia J., 221
Chemoreflex, pulmonary, 180
Chinard, F. P. and T. Enns. Relative renal excretion patterns of sodium ion, chloride ion, urea, water and glomerular substances, 247
Chloride, renal excretion of, 247
Cholesterol
  ageing and plasma, 497
  discharge in liver, 89
  intestinal absorption of, 69
  intestinal excretion of, 73
  liver lipide metabolism and, 237
Christian, E. J., 407
Christian, J. J. Effect of population size on adrenal glands and reproductive organs of male mice in populations of fixed size, 292
Circulation and ventricle output, 191
Citric acid and uterine contractility, 287
Cohen, J., 39
Cold
  blood refrigeration, 325
  bradycardia of, 447
  electrocardiogram and, 364
  muscular contraction by, 579
  oxygen consumption in, 105
Comar, C. L., 383
Conly, S. S., J. O. Crider and J. E. Thomas. Relation of bicarbonate concentration of pancreatic juice to rate of secretion, 97
Constrictors, intravenous and topical, 311
Contractility
  cardiac muscle, 307
  uterine, 287
  ventricular muscle, 601
Contraction, muscular, 579
Cookson, B. A. and J. R. Di Palma. Severe bradycardia of profound hypothermia in the dog, 447
Corticosteroids, output in shock, 24
Corticotropin
  anaphylaxis and, 518
  aldosterone and, 269
  plasma levels and, 462
Cortisone
  inhibition by, 54
  lipids and, 45
Costa, E., 493
Crider, J. O., 97
Cross circulation, uncontrolled, 454
Cyclopropane, cardiac output under, 145

D'Amour, F. E., 180
Daniel, Betty N., 567
Daniel, E. E. and Betty N. Daniel. Effect of maturity and desoxycorticosterone-induced hypertension on tissue electrolytes, 567
Davenport, H. W., Virginia J. Chavré and Virginia D. Davenport. Inhibition of gastric acid secretion by iodoacetate amide and *n*-ethyl maleimide, 221
Davenport, Virginia D., 221
Davis, K. Jane, 54, 285
Demaria, W. J. A. and J. S. Harris. Effect of magnesium sulfate on alterations in renal dynamics induced by intravenous hemoglobin, 251
Dempsher, J., M. G. Larrabee, F. B. Bang and D. Bodian. Physiological changes in sympathetic ganglia infected with pseudorabies virus, 203
Dennis, J., 415
Desoxycorticosterone
  anaphylaxis and, 518
  hypertension induced by, 567
Deuterium oxide in intestinal blood, 359
Diabetes
  adrenal function in, 503
  alloxan, 267
Dickson, H. M. Effect of x-irradiation on glucose absorption, 477

Diet and liver glucose, 51
DILUZIO, N. R., 45
DI PALMA, J. R., 447
Drugs
  action potentials in stomach and, 92
  eosinopenia and, 256
  mechanical left ventricle and, 197
  steroid hypertension and, 63
DURY, A. AND N. R. DILUZIO. Effects of cortisone and epinephrine exhibition on lipid components and phospholipid turnover in plasma, liver and aorta of rabbits, 45
Dye
  Rose Bengal clearance, 337
  sampling effect on, 331
  T-1824, hepatic uptake of, 232

Ear, radiation and perfusion fluid through, 459
EGDAHL, R. H. Physiological basis of uncontrolled cross circulation in dogs, 454
EINBINDER, JULIA M., C. L. FOX, JR. AND C. T. NELSON. Effects of corticotropin and 11-desoxycorticosterone on anaphylaxis and tissue electrolytes in mice, 518
EISLER, M., 256
Electrical activity of visual system, 594
Electrocardiogram and cold, 364
Electroencephalogram and potassium ions, 415
Electrolytes
  ACTH and DCA on, 518
  fluid, sucrose and, 148
  hypertension and, 545
  hypertension and tissue, 567
  posterior pituitary and excretion of, 561
  tissue, 39
ELLIS, DOROTHY W., 145
Embolism, miliary pulmonary, 183
EMERSON, G. M., 521
